To assist in planning for your summer, winter and spring vacations, the above dates are the **Athletic Season Start Dates for the 2023-24 School Year.**

In order for coaches and players to properly prepare for the start of their respective seasons, it is imperative that all prospective student-athletes are in attendance for all tryouts and practices. Those athletes who miss the tryout/practice periods, may not be selected to their team of choice and it will have an impact on their eligibility to compete once games commence.

** Varsity Girls Swim & Tennis traditionally start one-week after the standard Fall Sports start date.*

Please contact your respective coaches for precise date.
