

From the IMS Health Office: 8th Grade Medications and Modified Sports Information for the 2021-2022 School Year

July 2021

Dear Parent/Guardian,

It is important to inform the school nurse of any health/medical issues (Allergies: Epipen; Asthma: Inhaler or Diabetes medication/supplies) your student may need. If your child has allergies and/or asthma, you are required to provide the [Emergency Care Plan Form](#). If your child requires prescription or over-the-counter medication in school, the [Medication Authorization Form](#) must be completed by the physician and signed by a parent/guardian **every school year**. Medication supply, including over the counter, must be provided by you and dropped off at the Health Office in the original container.

Please return the completed forms to the Middle School Health Office **by September 9, 2021. No medication will be given without a completed medication form.** The forms you may need are on the IMS website.

***** Modified Sports Program.** The fall season begins in September for students with completed and approved registration on the Family ID website. Online registration will open in August. Please direct any sport related questions to our Athletic Director at 914-269-5491 or john.buonamano@irvingtonschools.org.

***** For all sports, a current physical (dated 9/1/20 or after) must be uploaded to FamilyID ***** Once the completed forms are uploaded, the School Physician will review and give the final clearance to each student. Students must register online **each** sports season (fall, winter, spring).

Should you have any questions regarding the above information, please call or email me directly.

Thank you and have a wonderful summer,

Yvonne Halee, RN
Middle School Nurse
