

ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Summary & Background

Summary & Background

IRVINGTON UFSD

660402020000

SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Summary & Background

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Submission Instructions

Submission Instructions

IRVINGTON UFSD

660402020000

Directions for Submitting the Application:

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

Office of ESSA-Funded Programs - Rm 320 EB

RE: ARP-ESSER Application – Part 2

New York State Education Department

89 Washington Avenue

Albany, NY 12234.

Deadline for Submitting the Applications:

The *ARP-ESSER Application – Part 2* is due by August 31, 2021.

ARP-ESSER LEA Base 90% Allocation - Plan Development and Dissemination

IRVINGTON UFSD

660402020000

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.

Irvington UFSD engaged with a diverse and representative set of applicable stakeholders in developing a plan for ARP funds. Administration and Instructional Leader meetings allowed District leadership and staff to discuss the educational and infrastructure needs of the District and how to best allocate the ARP funds to address these needs. The Reopening Committee, consisting of a wide range of stakeholders including district staff, representatives from the parent teacher organizations and Irvington Education Foundation, parents, students, and local businesses, provided input on how to use the funds for safe in-person learning. Additionally, multiple Board of Education discussions with public comments permitted all district stakeholders to provide feedback on the plan and its implementation in both verbal and/or written forms of communication.

The District will continue to utilize community presentations at Board of Education meetings to update the community at-large on how the use of ARP funds are planned. Also, to inform program development, continue to identify areas of need, and to solicit experiential feedback, parent and teacher surveys will be periodically conducted. These surveys will be reviewed by the Administrative Counsel during monthly meetings to guide the implementation of the plan. Our Instructional Leaders committee, consisting of administrators, Department Chairs, team leaders, and instructional coaches meet monthly and will contribute to tailoring programs to address the needs of the District, such as Social and Emotional Learning initiatives. The NYU Lead Learner Committee consists administrators, Board of Education members, teachers, social worker, and parents. This group will help guide the District's the Diversity, Equity, and Inclusion initiative. All of these stakeholders will be instrumental in developing and implementing these important District programs funded by the ARP.

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

2. **In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://www.irvingtonschools.org/Page/4904>

The direct link to this website will be posted on the District's homepage for easy access. Additionally, any stakeholder may email budget@irvingtonschools.org for any comments, questions, or to request any further information about the LEA ARP-ESSER Plan.

ARP-ESSER LEA Base 90% Allocation - Program Information

3. **In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

A portion of the ARP ESSER dollars will be used to purchase portable air purifiers to be installed in all district buildings in locations where transmission risk is greatest due to the activity of the space. These purifiers will reduce airborne pathogens and improve indoor air quality for all staff and students. Funds will also be used to purchase touchless faucets to reduce the risk of virus transmission at high touch areas. Security cameras will be purchased and installed to increase student and staff safety throughout the buildings through monitoring of high traffic as well as hidden areas. Security Cameras can also aid in contact tracing as it can verify the proximity of individuals to any potential positive cases.

4. **In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

The district will review student attendance and academic progress data, using tools such as Aims Web and other formative/summative assessments to identify student needs. Principals will continue to meet with their multi-tiered system of supports (MTSS), department, and grade level teams to also evaluate students progress. The PPS office will closely monitor students with disabilities and referrals made to special education to further identify students needs for students with disabilities and English learners.

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

Supplemental Instruction programs and new student enrichment programs, including after school, will be designed and developed to address the academic impact of lost instructional time, which will include low income students, students with disabilities, racial and ethnic minorities, and English learners. The design of these programs will be dependent on the review of data and thus the specific details of such programs are in the beginning stages of development.

The focus of these programs will be on strengthening the literacy and mathematics skills of our struggling students. We anticipate that students will be given opportunities to build upon their foundational skills through small group and 1:1 support. Additionally, there will be a focus on social-emotional learning. The specific design of our programs will surface once our data analysis and surveys of student/staff availability times are completed.

ARP-ESSER Application: Part 2 - ARP Act**LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information**

6. In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.

Other uses for the ARP - ESSER funds are as follows:

- Professional Development to focus on the District's Diversity, Equity and Inclusion initiative. This includes utilizing the Metropolitan Center for Research on Equity and the Transformation of Schools through New York University and other professional development modalities.
- Social and Emotional Learning program support and development to allow the district to provide mental health services and support to students as they start the new year during the pandemic.
- Update the District's Strategic Plan to add procedures and systems to improve the preparedness and response efforts of Irvington and other valuable lessons learned during the pandemic. This includes surveying all stakeholders for their input in developing the strategic plan.
- Technology and Software will be purchased to support student learning which will aid in regular and substantive educational interaction between students, parents, and instructors.
- Purchase of an Electric lawn mower will support student health needs by reducing both emission and noise pollution and demonstrates the District's commitment to sustainability efforts which relates back to our curricular goals.

As stated above in #3, the following items will assist with safe in-person learning:

- Portable air purifiers to be installed in all district buildings in locations where transmission risk is greatest due to the activity of the space to improve the indoor air quality in the school facilities for students and staff.
- Touchless faucets will be purchased and installed to reduce risk of virus transmissions at high touch and contact areas.
- Security cameras will be purchased and installed to increase student and staff safety throughout the buildings through monitoring of high traffic as well as hidden areas. Security Cameras can also aid in contact tracing as it can verify the proximity of individuals to any potential positive cases.

7. In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Principals will work closely with support staff to identify the social-emotional and academic needs of their students through regularly scheduled meetings. Interventions will be developed using this data and will include a focus on students from low-income families as well as students of color, English language learners, children with disabilities, students who are in foster care or experiencing homelessness. The Assistant Superintendent for Instruction and the Director of PPS will be closely monitoring the plans created.

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

ARP-ESSER Return to In-Person Instruction

IRVINGTON UFSD

660402020000

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://www.irvingtonschools.org/Page/4797>

The direct link to this website will be posted on the District's homepage for easy access. Additionally, any stakeholder may email the district administration for any comments, questions, or to request any further information about the LEA ARP-ESSER Plan.

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

2. An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) its plan for in-person instruction, including a description of how public comment will be collected.

Irvington UFSD will review and update its plan monthly, following the CDC and Westchester Department of Health guidelines. Any changes to the plan will be discussed during the bi-monthly Board of Education meetings, which allows for public comment from any and all stakeholders.
