

# 2021-22 Budget Development

### Proposed Budget for Board Adoption April 20, 2021

### Vision for Tomorrow

### Our vision is to be an ever stronger District:

- Supporting each student's academic and social emotional growth with continually improving programs
- in safe, well-maintained, flexible learning facilities
- in which our staff is supported with consistent high-quality professional development and fair contracts
- and our fiscal health is sustainable because
  - budgets are under the tax cap
  - o occasional tax neutral capital bonds are approved
  - and IUFSD is able to withstand occasional challenges
    - by controlling expenses
    - maintaining strong reserves

### All while being mindful of the tax rate

### Guiding our work are the District's Strategic Objectives:

To achieve its mission and vision, and to provide for the future of its students, the Irvington Union Free School District will:

- 1. Provide students with a rigorous, comprehensive, enriched and diversified curricula that will prepare students to achieve their personal best, and will integrate technology in their learning.
- 2. Encourage innovation, creativity and risk taking to inspire a dynamic learning environment.
- 3. Foster the social and emotional growth of all students and promote a culture where students are active participants in society.
- 4. Support educators through targeted professional learning and opportunities for collaboration.
- 5. Strengthen local connections to and ownership of our schools.
- 6. Ensure the fiscal health of the District and provide for a high quality learning environment.

### The Strategic Objectives will underpin all budgetary recommendations

# As the District plans for the future, our fiscal initiatives will align with our Strategic Objectives.

Even when faced with fiscal challenges, we will continue to focus on the District's priorities.

#### **Responsibility of the Board**

- The Board must determine:
  - Determine budgetary ceiling responsible growth
  - If we should maintain/increase fund balance appropriation level
  - Maintain a sustainable financial future

### Tonight, we will review:

- Revised revenue assumptions
  - State Aid figures released April 7, 2021
  - Federal stimulus aid implications
- New or modified considerations
  - Changes resulting from recent revenue increases
- Push ahead needs
  - Adjustments and restoration of previous reductions with enhanced state and federal aid

## The District's revenue projections have increased and will support the 2021-22 budget:

Revenue Changes	Amount	Notes
State Aid	\$486,714 increase	<ul> <li>Increased foundation aid</li> <li>Removal of Local District Funding Adjustment</li> </ul>
Tuition	\$86,458 increase	<ul> <li>New tuition student enrolled in an IUFSD special education program</li> </ul>
Federal Aid (CRRSA) to Special Aid Fund	\$205,901 decrease	• Must be recorded in Special Aid fund unlike CARES Act funds for 2020-21
Total Revenue Change	\$367,271	

The New York State legislature has committed to fully funding the Foundation Aid formula over the next three fiscal years:

Revenue	Increase Amount	Total Foundation Aid
2021-22	\$265,031	\$2,108,926
2022-23	\$372,307	\$2,481,233
2023-24	\$372,307	\$2,853,540

### The enacted budget pledged a 3 year phase in to FORMULA based Foundation Aid

- The 2023-24 level would then carry forward
- As such, this restoration of aid may be a consideration for recurring expenses
- Risk if foundation aid formula is changed or the pledge from the legislature is not upheld in future budget negotiations

# Federal stimulus funding will provide increased revenue over the coming years:

Revenue	Amount	Notes
American Rescue Plan Act (ARPA)	\$466,389	<ul> <li>Districts have until September 2024 to spend funds</li> <li>20% must be used to address learning loss</li> </ul>
CRRSA Second CARES Act allocation	\$205,901	<ul> <li>Amount previously included in revenue budget- must move to Special Aid Fund</li> <li>Districts have until September 2023 to spend funds</li> </ul>
Total Federal Grants	\$672,290	

- Federal Aid will be recorded in the Special Aid Fund, similar to IDEA and Title grant funds.
- The previously-presented budget included \$205,901 for the CCRSA grant, which must be removed from a General Fund revenue and now will be accounted in the Special Aid fund.
- The cost for surveillance COVID testing of \$26,000 will be earmarked from the CCRSA grant to balance the budget and with the necessary change to reporting to Special Aid fund.
- Programs to address "learning loss" will be included in the grant funding
- <u>Utilize for one-time expenditures, not expenses that will be reoccurring such</u> <u>as those related to personnel</u>

Full details of grant spending plans will be presented in the future as plans are developed to support local needs.

### Illustration of Federal Aid allocations to support future budget years:

- District/Board may prioritize allocations to support future needs
- Utilize for one-time expenditures, not expenses that will be reoccurring such as those related to personnel

### The proposals discussed tonight:

- Align with the District's Strategic Objectives
- Represent our commitment to maintaining and continually enhancing student learning experiences
- Expand continuum of Special Education-related programs and services
- Support all students' developmental and educational needs
- Provide on-going professional development and expand data analysis capabilities
- Offer continued social and emotional support for students and the continued development of a well-aligned K-12 SEL curriculum
- Continue focus on diversity, equity and inclusion
- Provide for healthy school environment in the era of COVID-19

### The proposals discussed tonight:

- If there was to be a majority "no" vote on May 18th and a subsequent "no" vote (if the Board chose to or <u>could</u> have a second vote), a Contingent Budget would result.
- A Contingent Budget requires the district to levy no more than the previous year's levy. This would require <u>cuts of approximately \$1.4 million</u> and result in a <u>budget increase of only \$384,021 from the 2020-21 budget</u>.
- A Contingent Budget would result in no new equipment, no community use of buildings and no capital improvements (unless emergency). Other necessary cuts <u>would affect staffing, curriculum/professional development, technology</u> <u>purchases and student programs</u>.
- The District does not have sufficient fund balance to offset these cuts. Even a partial offset could result in a position of "significant fiscal stress" by the Office of State Comptroller.

### Formula to calculate your estimated taxes

Assessed value of your property

x .02081 =

Taxes

Please keep in mind that the \$20.81 tax rate per thousand is <u>estimated</u> based on the current assessment roll as of March 2021 and expected changes from additional exemptions and SCARS granted until the roll is finalized in August 2021.
