Contingent Budget

- If there was to be a majority “no” vote in May and a subsequent “no” vote in June (if the Board chose to have a second vote), a Contingent Budget would result.
- A Contingent Budget requires the district to levy no more than the previous year levy. This would require **cuts of approximately \$1.9 million** and result in a **budget decrease** of approximately **\$150,000 from the 2018-19 budget**.
- A Contingent Budget would result in no new equipment, no community use of buildings and no capital improvements (unless emergency). Other necessary cuts **would affect staffing and student programs**.
- The District does not have sufficient fund balance to offset these cuts. Even a partial offset could result in a position of “significant fiscal stress” by the Office of State Comptroller.
