Parent Notification System

The Irvington School District utilizes *SEND WORD NOW/OnSolve*, an e-mail, text, and telephone notification service that keeps parents, community members and staff informed about school closings and emergency dismissals. Your contact information contained in the District's student information system is used for gathering contact information, therefore, it is important that you inform your child(ren)'s school of any changes to your contact information.

For further information, feel free to call the Business Office at 591-8505.

Professional Learning Early Release Day (PLRD)

Two days a month, October through May, the schools will dismiss one hour early. This early dismissal occurs to provide our faculty and staff with additional time for professional learning and curriculum development. The days are noted on the Calendar at a Glance as PLRD.

SCHOOL CLOSING PROCEDURES

Call the District's main number at 591-8500 for updated announcements on school delays/closings. One of the following two plans is used, depending upon the seriousness of weather conditions:

Plan A - If the weather is inclement (snow or ice) with improving conditions, the opening of school will be delayed by two hours. Buses will follow this delayed schedule.

Plan B - If weather conditions are severe with no improvement in the forecast, all schools will be closed for the day.

All announcements calling for either a delayed opening or closing of school for the day will be made no later than 7 a.m. on radio stations WOR and WHUD in addition to the Emergency Notification phone message, the District's recorded phone message at 591-8500 as well as the District's website: www.irvingtonschools.org. Please do not telephone the police for school information since these calls could interfere with emergency police business. For further information, tune to News12, the local cable television station.

In the event that school closings (due to weather or other emergencies) would bring the number of school days below state minimum requirements, additional days will be added to the school calendar.
