

Free Vaccination Clinic for Children Ages 5 through 11

Wednesday, December 8th, 3:00-7:00 pm
Dows Lane Elementary School
Multi-Purpose Room

November 30, 2021

Dear Irvington School Community,

We're excited to provide an on-site vaccination clinic for children aged 5 through 11 on Wednesday, December 8th, from 3:00 pm to 7:00 pm. Ahma Rx, a locally owned, community-based specialty pharmacy, will be on-site at Dows Lane Elementary School to provide the vaccinations free of charge in the Multi-Purpose Room (MPR). Please note that parents must be present for their child(ren) to be vaccinated. While personal health insurance will be collected for those who are insured, no one will be turned away, and there will be no out of pocket costs.

The Pfizer vaccine will be administered, which is a two-dose treatment. The pharmacy will return in three (3) weeks, Wednesday Dec. 29th, to provide the second dose as well. That session will also run from 3:00 pm to 7:00 pm. We have arranged with the Pharmacy to reserve appointments at the pharmacy located in Elmsford for the first week of January for anyone who, due to travel during the holiday break, would miss this second session. Alternatively, you may obtain the second dose at other locations as well - one is not obligated to receive the vaccine at the same location as the first dose.

For those interested in having their child(ren) vaccinated at the school, we ask that you sign up each child and book individual appointments here: [ahma Rx-IFSD Children 5-11 Vaccination Registration](#). Parents of MSS and IMS students are asked to make appointments after dismissal time.

On the day of the vaccination, parents will be asked to complete a Health Screening Form for their child(ren), which can be downloaded and filled out that day, using the following link: [Vaccination Health Screening Form](#).

Questions about the vaccination can be directed to Elmsford@ahmarx.com or you can call or text the pharmacy at 914-840-5027.

For any adults who are looking to receive a booster shot, the pharmacy also has appointments for boosters which can be made online, [here](#).

Also, please be assured that if interest exceeds available appointments, an additional clinic date will be scheduled.

My best regards,

Kris
