

MSS Health Office Requirements for Incoming 4th Graders for the 2022-2023 School Year

Dear MSS Families,

Welcome! We are so happy you are joining us. There are a few health requirements that need your attention. Please complete and submit all forms that are applicable to the health office anytime before school starts.

RE: New York State Mandated Health Regulations

VACCINE INFORMATION: All students must have up to date vaccines to attend school.

DTaP: 5 or 4 doses, if 4th dose given after 4 yrs. of age or older; or 3 doses if 7 yrs. or older and series started at 1 yr. or older.

Polio: 4 or 3 doses, if 3rd dose given after 4 yrs. of age or older

MMR: 2 doses

Hepatitis B: 3 doses

Varicella: 2 doses

Please take the time to review your child's immunization record with their healthcare provider to ensure your child has the required vaccinations for their age and grade. If your child already has a current immunization record on file, then this requirement is completed. **EXCLUSION from school will result if this requirement is not met.**

Administration of Medication in School: This form must be completed each school year for all medications (OVER THE COUNTER AND PRESCRIPTION) and signed by both a parent/guardian and healthcare provider (MD, DO, NP, PA) before medication may be given to your child. All medications must be provided in the original labeled containers and kept in the Health Office. All medication must be brought to the health office by an adult.

Food Allergy and Anaphylaxis Emergency Care Plan: Students with severe allergies must have a current and completed Anaphylaxis Emergency Care form on file in the health office. Please complete and return the form to the health office.

Asthma Action Plan: Students with Asthma requiring medication during school hours must have both a completed Asthma Action Plan and a completed Medication Authorization Form on file in the health office.

The Health Office Emergency Form: This form provides valuable information in the event the school nurse needs to reach a Parent/Guardian regarding a health matter during the school year.

Forms are available on the district website. Go to Our Schools; MSS; For Parents; Health Services; Forms. Or click the link: [School Health Forms](#)

Sincerely,

Joyce Chapnick
