

**Irvington High School
Military Release Opt-out Form**

IHS has a responsibility to provide military recruiters access to student recruiting information. The National Defense Authorization Act requires local educational agencies that receive federal funding to provide access to secondary school student names, addresses and telephone listings upon a request made by military recruiters. Under this provision, a secondary school student or parent of the student may request that such information not be released without prior written parental consent. **We are only required to release the information of 11th and 12th graders.** If you do not want your child's name, address and phone listing released without written prior consent, please submit to the main office by 9/30/25.

Please **DO NOT** release my child's name to military recruiters.
