

October 14th & 15th COVID Testing Results

October 19, 2021

The Irvington UFSD is pleased to report that over 500 students and staff members were tested for COVID-19 on Thursday, October 14th and Friday, October 15th and that all test results were negative for the coronavirus. The District extends its appreciation to everyone who participated, as it provided insight into the health of our school community.

On Thursday, October 21st, the Irvington UFSD will facilitate its first round of surveillance testing; wherein, 20% of those who granted consent will be tested. Those individuals who will be tested Thursday were chosen randomly. Emails will be sent to students' parents and staff members today informing them of the testing appointment.

The District will continue to facilitate surveillance testing each Thursday. Individuals chosen to participate will be emailed in advance of the testing date. If you have any questions regarding the COVID-19 testing program or wish to register your child to participate, please feel free to email CovidTesting@IrvingtonSchools.org.
