## Irvington UFSD to Administer the Annual School Quality Survey

---

May 27, 2022

Dear School Community Members,

In the Irvington Union Free School District, we know good things happen when we partner with our community. By working together, we can prepare all our students for a bright future and ensure our staff members' professional success. That's why it's critical we hear from you in our annual School Quality Survey.

The survey asks for feedback on student and academic support, safety and behavior, school leadership, family engagement, and more. The results will help us better understand our strengths and opportunities for improvement, so that we can work to meet the needs of every student. In recent years, the school community's feedback has helped to inform local goals such as providing students feedback on learning, creating relevance to real-life experiences and the prioritization of the District's Strategic Objectives including social-emotional learning and diversity, equity, and inclusion.

The online survey is compatible with any computer, tablet, or smartphone. Community members who do not have children currently enrolled in the Irvington schools can take the survey at <https://survey.k12insight.com/r/2122IrvingtonSurvey>. Parents of current students will receive an email with a link to the survey on Wednesday, June 1st. The survey is offered in English and Spanish. Please note that all responses are strictly confidential.

Thank you in advance for your participation, as your feedback will make a difference!

Sincerely,

Kris

Dr. Kristopher Harrison  
Superintendent of Schools
