Anti-racism resources

Anti-Racist Resource List

This [document](#) is intended to serve as a resource to people and parents to deepen our anti-racism work. If you haven't engaged in anti-racism work in the past, start now.

While this document was compiled by Sarah Sophie Flicker, Alyssa Klein in May 2020 as a guideline for white people, we believe the resources are helpful to all.

These are just two resources. We will keep the community informed as we find other documents or programs that can help our community.

The mission of the PTSA Diversity & Inclusion Committee is to foster an inclusive community in which every Irvington student feels safe, welcomed and is able to thrive.
