## Earthquake Response

---

Dear Irvington School Community,

As you likely know, this morning we experienced the effects of the 4.8 earthquake centered in Lebanon, NJ. Most importantly, our students and staff are all safe.

Per our safety protocols, we immediately went into a Hold in Place. We have been in contact with Westchester County Emergency Management Services for guidance throughout this situation. Our buildings have all been inspected, and we shutdown all boilers and elevators out of an abundance of caution.

We have now been advised that we can resume regular programming and as a result we have lifted the Hold in Place.

As always, our students were wonderfully cooperative. We appreciate our staff for keeping our students safe, as always.

Of course, if circumstances change, we will continue to monitor and we will send additional communications as necessary.

Sincerely,  
Dr. Joel Adelberg  
Acting Superintendent of Schools
